

Patient Notification from Dr. Frederic N. Nguyen

Effective November 1, 2023, I will be opening my new medical practice, Focus Neurohealth, independent of Texas Neurology, P.A. Although I will no longer be practicing with Texas Neurology, my practice location will remain at **the same location with the same contact information. We will continue to see patients at 2821 E. President George Bush Highway, Suite 303, in Richardson, Texas.** This building is also known as the “Richardson IV” professional office building on the campus of Methodist Richardson Medical Center (MRMC).

Focus Neurohealth and Texas Neurology have made arrangements for your electronic medical records to be transferred to my new practice. If you have questions regarding your medical records or continuing medical care, please contact Focus Neurohealth or Texas Neurology. Full contact information has been provided. **For established and recently scheduled new patients, we plan to keep your current appointments.** We are working to ensure a seamless transition for our patients and welcome any questions or comments.

Thank you for allowing us to be part of your neurological care.

A handwritten signature in black ink that reads 'Fr Nguyen'.
